Purpose

The purpose of this document is to outline how we will minimise the disruption to CIPFA assessment delivery as well as to safeguard the interests of students.

In the event of major disruption to systems caused by widespread illness, travel disruption, bad weather or power failures CIPFA will seek advice on recommended courses of action from official external agencies such as the police, Environment Agency or Health Protection Agency and further details of which are found within our CIPFA Business Continuity Plan.

CIPFA will take steps to minimise the occurrence or likelihood of an occurrence which could have an Adverse Effect and mitigate it should it occur. As necessary we will submit an Event Notification to Ofqual in cases where the occurrence will directly affect the delivery and assessment of our qualifications and qualification standards.

Scope

This document is intended as information for a wide range of stakeholders. For the purpose of this document, stakeholders include internal CIPFA staff, students, assessors, training centre staff, awarding organisation staff and assessment invigilators.

Please note that training centre staff in these scenarios refer to members of staff who are administering assessments.

Priorities

The priority for CIPFA when implementing contingencies will be to maintain these principles:

- Delivering assessments to published timetables
- Delivering results to published timetables
- Complying with regulatory requirements in relation to assessment, marking and standards
- Maintaining business as usual in the event of circumstances beyond our control
- Mitigating any adverse effects on students
- Maintaining qualification and apprenticeship standards.

If the usual CIPFA contingencies are no longer sufficient to maintain these outcomes, an identified Crisis Management Team consisting of representatives of all organisations involved will be convened by Ofqual to agree the additional actions required.

National disruption

In the event of a widespread national disruption to the taking of assessments CIPFA will:

- Follow the CIPFA Business Continuity Plan
- Inform the affected stakeholders by email and/or telephone, as appropriate but within 24 hours of the incident
- Following identification of the incident caused and the contingency measures being implemented, CIPFA will document agreed actions and deadlines within five working days of incident

- Conduct a review of the outcomes of any actions taken, note lessons learned and the implications for any other policies and processes
- Communicate with stakeholders our plan going forward should the incident be longer-term and sustained over a period of months.

Definition of widespread national disruption

- National security threat
- Criminal or terrorist activity
- Widespread illness
- Extreme weather conditions
- The effects of a disaster in the local community

Severity

Depending on the severity of a crisis CIPFA will convene to decide the most appropriate action related to assessment continuation.

This may include:

- Rescheduling the assessment for another date
- Delaying the assessment
- Adapting the assessment

However, any action taken by CIPFA will follow the guidelines and regulation published by Ofqual and the Government at the time.

Adverse effects standing item

During day-to-day operations of the organisation there will be issues to discuss regarding CIPFA assessment administrative procedures, student Appeals, Special Consideration, Complaints and Malpractice and Maladministration. To support this Contingency Policy and process, and to reduce the occurrence of Adverse Effects, CIPFA will operate a standing agenda item with the Assessment and Compliance Team to discuss potential impacts with the Assessment Manager, Qualifications Manager and Head of Qualifications Innovation and Development. During the standing item matters will be discussed that may require immediate consideration and decision-making and ultimately may need escalation and reporting.

Process

The Panel review the respective log entries to identify any potential adverse effect that require escalation and reporting. They will agree the course of action through collective agreement and decide on whether there is a need for communication of an Adverse Effect to Ofqual.

Each entry is risk rated and actions agreed collectively by the Panel. This includes consideration of any external or internal impact and the communication required.

The Panel will seek to ensure that CIPFA will consider whether an event:

- poses a potential risk of occurring
- increases CIPFA's risk level
- affects students directly
- affects the assessment – process or outcome

Potential Adverse Effects caused internally or externally:

1. Error in CIPFA assessment materials
2. Failure of IT systems used for online assessment
3. Loss or theft of, or breach of confidentiality in assessment materials
4. Inability to supply assessment materials for a scheduled date
5. Failure in the delivery of an assessment which threatens Assessors capacity to differentiate accurately and consistently across levels of attainment
6. Unable to meet a published date for the issue of results and certificates
7. CIPFA have issued incorrect results or certificates
8. Evidence of malpractice resulting in termination of Exam Centre approval
9. Major disruption to assessment conditions at the time of an exam
10. Students unable to sit for examinations at the scheduled assessment centre due to exceptional circumstances
11. Belief that there has been an incident of malpractice or maladministration, which could invalidate the award of a qualification which it makes available
12. CIPFA have increased costs significantly above the rate of inflation
13. CIPFA are named as a party in a criminal or civil proceeding or subjected to a regulatory investigation or sanction by any professional, regulatory or government body
14. A Senior Officer is party to criminal proceedings or disqualification as a company director

This list is not exhaustive.

Reference and acknowledgement

This Contingency Policy has been prepared based on our responsibilities for regulation during normal business activity as an Awarding Organisation but also with reference to guidance from the Joint Contingency Plan in the event of widespread disruption to the examination system in England, Wales and Northern Ireland, published April 2019.

Centre Responsibilities

CIPFA will expect all delivery and exam centres to have in place a robust Contingency Policy and plan, this will be subject to validation at any time whether during a quality visit or remote audit.

All centres **must** have an examination contingency plan/examinations policy on file for inspection.

The examination contingency plan/examinations policy should cover all aspects of examination administration. It will allow senior leaders to implement a robust contingency plan, minimising risk to examination administration and any adverse impact on students, should the Head of centre, relevant senior leader(s), examinations officer or any other key staff essential to the examination process be absent at a critical stage of the assessment cycle.

The Joint contingency plan for the examinations system in England, Wales and Northern Ireland, can be found from Gov.UK website, [What schools, colleges and other centres should do if exams or other assessments are seriously disrupted - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/672222/What_schools_colleges_and_other_centres_should_do_if_exams_or_other_assessments_are_seriously_disrupted_-_GOV.UK_(www.gov.uk).pdf)
It provides a framework for senior leaders to build and shape a plan or policy in light of their local circumstances.

Disruption to assessments or exams

In the absence of any instruction from the relevant awarding organisation, you should make sure that any exam or timetabled assessment takes place if it is possible to hold it. This may mean relocating to alternative premises.

You should discuss alternative arrangements with your awarding organisation if:

- the exam or assessment cannot take place
- a student misses an exam or loses their assessment due to an emergency, or other event, outside of the student's control

[Joint Contingency Plan \(jcqa.org.uk\)](https://www.jcqa.org.uk/joint-contingency-plan)

Steps you should take

Exam planning

Review contingency plans well in advance of each exam or assessment series. Consider how, if the contingency plan is invoked, you will comply with the awarding organisation's requirements.

In the event of disruption

- Contact the relevant awarding organisation and follow its instructions.
- Take advice, or follow instructions, from relevant local or national agencies in deciding whether your centre is able to open.
- Identify whether the exam or timetabled assessment can be sat at an alternative venue, in agreement with the relevant awarding organisation, ensuring the secure transportation of questions papers or assessment materials to the alternative venue.
- Where accommodation is limited, prioritise students whose progression will be severely delayed if they do not take their exam or timetabled assessment when planned.

- In the event of an evacuation during an examination please refer to JCQ's [Centre emergency evacuation procedure](#).
- Communicate with parents, carers and students any changes to the exam or assessment timetable or to the venue.
- Communicate with any external assessors or relevant third parties regarding any changes to the exam or assessment timetable.

After the exam

- Consider whether any students' ability to take the assessment or demonstrate their level of attainment has been materially affected and, if so, apply for special consideration.
- Advise students, where appropriate, of the opportunities to take their exam or assessment at a later date.
- Ensure that scripts are stored under secure conditions.
- Return scripts to awarding organisations in line with their instructions. Never make alternative arrangements for the transportation of completed exam scripts, unless told to do so by the awarding organisation.

Steps the awarding organisation should take

Exam planning

- Establish and maintain, and at all times comply with, an up-to-date, written contingency plan.
- Ensure that the arrangements in place with centres and other third parties enable them to deliver and award qualifications in accordance with their conditions of recognition.

In the event of disruption

- Take all reasonable steps to mitigate any adverse effect, in relation to their qualifications, arising from any disruption.
- Provide effective guidance to any of their centres delivering qualifications.
- Ensure that where an assessment must be completed under specified conditions, students complete the assessment under those conditions (other than where any reasonable adjustments or special considerations require alternative conditions).
- Promptly notify the relevant regulators about any event which could have an adverse effect on students, standards or public confidence.
- Coordinate its communications with the relevant regulators where the disruption has an impact on multiple centres or a wide range of learners.

After the exam

- Consider any requests for special consideration for affected students. For example, those who may have lost their internally assessed work or whose performance in assessments or exams could have been affected by the disruption.

If any students miss an exam or are disadvantaged by the disruption

If some of the students have been adversely affected by the disruption, you should ask the awarding organisation about applying for special consideration.

Decisions about special consideration, when it is or is not appropriate, is for each awarding organisation to make. Their decisions might be different for different qualifications and for different subjects.

See also:

[JCQ's guidance on special considerations](#)

Wider communications

The regulators, [Ofqual](#) in England, [Qualifications Wales](#) in Wales and [CCEA](#) in Northern Ireland, will share timely and accurate information, as required, with awarding organisations, government departments and other stakeholders.

[The Department for Education](#) in England, the [Home | Department of Education \(education-ni.gov.uk\)](#) and the <https://gov.wales> will inform the relevant government ministers as soon as it becomes apparent that there will be significant local or national disruption; and ensure that they are kept updated until the matter is resolved.

Awarding organisations will alert the [Universities and Colleges Admissions Service](#) (UCAS) and the [Central Applications Office](#) (CAO) about any impact of the disruption on their deadlines and liaise regarding student progression to further and higher education.

Awarding organisations will alert relevant professional bodies or employer groups if the impact of disruption particularly affects them.

Summary of responsibilities in the event of disruption to examinations

- JCQ is responsible for coordinating across awarding organisations, including convening the crisis management team
- Regulators (Ofqual in England, Qualifications Wales in Wales and CCEA Accreditation in Northern Ireland) are responsible for sharing timely and accurate information, as required with awarding organisations, government departments and other stakeholders.

Awarding organisations are responsible for:	Examination centres are responsible for:
	Preparing plans for any disruption to exams as part of centres' general emergency planning
Ensuring centres receive examination materials for scheduled examinations	Preparing students for examinations
	Ensuring examinations and assessments are taken under the conditions prescribed by awarding organisations
	Ensuring, where relevant, that assessment materials and candidate work are stored under secure conditions
	Deciding whether the centre can open for examinations as scheduled and informing relevant awarding organisations if the centre is unable to open
Advising centres on possible alternative examination arrangements and declining/approving proposals for alternative examination arrangements	Exploring the opportunities for alternative arrangements if the centre cannot open for examinations and agreeing such arrangements with the awarding organisations
Evaluating and declining/approving requests for special consideration	Judging whether students meet the requirements for special consideration as a result of any disruption and submitting these requests to the relevant awarding organisations
	Assessing and liaising with awarding organisations in the event of disruption to the transportation of papers
Marking, moderating and grading candidate work	
Issuing results to centres on scheduled dates	The distribution of examination results to students
