We have now issued [CIPFA Bulletin 15 Reporting of pensions surpluses and IFRIC 14](#) which provides guidance to accounts preparers and auditors in England, Northern Ireland, Scotland and Wales on the application of IFRIC 14 IAS 19 – The Limit on a Defined Benefit Asset, Minimum Funding Requirements and their Interaction with Local Authority Local Government Pension Scheme (LGPS) plans in accordance with the prescriptions in the Code of Practice on Local Authority Accounting in the United Kingdom (the Code).

Performance Tracker Update

CIPFA are thrilled to announce the release of [our latest Performance Tracker 2023 report](#), created in collaboration with the Institute for Government.

Recently launched, this report analyses how our public services have performed since the pandemic.

It's crucial to understand how our public services are declining and how we can address any areas of concern. Our Performance Tracker 2023 report offers just that!

Exploring preventative investment in local government

Over the next two years CIPFA will be [undertaking a project](#), supported by the Health Foundation, to explore the extent to which local authorities' spending on preventative action can be quantified, with the aim of increasing the transparency on levels of preventative investment.

Report: Charging for adult social care in England: reform and routes forward

This report written by CIPFA Social Care Policy Advisor Dr William Burns discusses the current charging system, the government's proposed reforms and aspirations for adult social care charging reform. CIPFA proposes five principles for a sustainable and equitable social care system and assesses whether possible routes forward fulfil these principles. We also make recommendations on how future social care charging policy should be aligned with them.
