The network offer

The CIPFA Social Care Network (SCN) supports all those involved in local government social care through their current and future challenges.

SCN offers a wide range of valuable webinars as well as expert support and guidance that is centred on supporting those in both adult social care and children's services. A mix of paid-for and free webinars are planned for the year.

As well as our 'open' events programme, our regular and ad-hoc workshops can also be delivered on-site (webinar or face to face), at a special discounted rate for subscribers.

Our website contains the documentation written to accompany SCN open events along with briefing notes, newsletters and archive material from previous years, all of which can be downloaded free of charge by subscribers.

Our monthly subscriber newsletter contains briefings relevant to those working in social care together with details of scheduled events and conferences, funding updates and links to news stories that might be of interest.

For those with specific questions, the SCN advisor is on hand to help and can be accessed via email, telephone or through our 'Contact your Advisor' feature on the website. Think of the SCN advisor as an additional resource to your team who can help with any social care - related query that you may have.
