## SECTION 1 - WELCOME

**"Welcome to our first e-newsletter!"**

Thank you for pausing from your busy day. We are very excited to launch this e-newsletter which we hope will inform and inspire you.

It is filled with useful information, helpful hints and tips, events, news and even an article from our Secret Accountant!

We want this e-newsletter to be valuable to you so please, please share your feedback and suggestions to help us improve. We would also welcome contributions to the next edition.

The North East Executive are a committed group of volunteers and organise some fantastic events that have been very well attended, for example, in the past 12 months, some of the highlights have been -

- Women in Leadership event. Over 100 attendees at Newcastle Civic Centre - a list of great speakers and very positive feedback from delegates
- Students Games both north and south of the Tyne. I have attended the last 3 years and it is a privilege to be involved. Seeing 6th formers do what they do is incredible and to see some of them growing during the day is very satisfying.
- The Annual Conference continues to go from strength to strength, with last year being the best I have attended. This year's is being held at The Sage on 22 November and has a very strong list of speakers. More information available from Jane Cuthbertson and Angela Waring.

The Executive will continue to organise up to date relevant events, however there is always space on the calendar for anyone willing to share their experiences and tell the region what you have been up to... or if anyone wants to be more involved with the Executive more widely then please let me know...

Each e-newsletter will also be posted on our website, Facebook page and Twitter.

Happy reading.

**Jim Dafter**  
**President**

## SECTION 4 - STUDENTS

CIPFA North East funded two students in the region to attend the national CIPFA conference in July; Public Finance Live 2019. One of the students, Faye, produced a write up of her experience at the event and the full article can be read [here](#) or at the link at the bottom of this section.

*"If students are given the opportunity to attend, I would absolutely recommend they go. I felt a sense of revitalisation towards the CIPFA course after the event and meeting other students or former students who have gone on to be leaders in finance definitely gave me a boost of motivation to continue putting in the hard work and dedication to the course. It helps you keep up to date with the latest news and topics of discussion in the public sector and this conference may also give you a better idea of where your passion lies within the public sector and what path you may wish to take within your career."*

### Congratulations to all our graduates and prize-winners!

We held our first ever Graduation Ceremony at the Mansion House in Newcastle on Friday 13<sup>th</sup> September 2019 to celebrate the achievements of our newly qualified graduates, members and exam prize winners.

The day started with a drinks reception followed by a speech delivered by Judith Savage, past president, congratulating newly qualified students and welcoming them to the CIPFA family. The ceremony switched to Chris Glennie, Director of Education and Lifelong Learning at CIPFA, who gave an introductory address and proceeded to present graduates and prize winners with their certificates.

Following group photos, lunch was provided and the opportunity to mingle and catch up with fellow CIPFA members. [View our photos from the event.](#)
