Aims and objectives

This is an exceptional value for money CPD event that will provide you with a range of views, practical advice, tips and guidance to improve your own working practices and to raise the value and reputation of your services in the face of continuing challenges to what you do and how you do it. The full programme will be released soon, but here's a taster of some of the sessions, with more to come!

- A robot wrote this flyer...honest! Don't let AI scare you..keep ahead of the game and let AI help you shape the future of your organisation.
- Big changes to internal audit standards in the UK public sector are coming in 2025! Are you prepared for the changes, which will apply to all internal audit professionals and those governing us. Can you risk not being present for this! Hear direct from the IIA with practical advice, updates, and opportunity to ask questions on Global Internal Audit Standards, Public sector consultations and other topical requirements
- What a difference a year makes!! Update on the new Procurement Reform and the importance of embedding Social Value into our financial procedure rules.
- What's it like managing risk in the Nuclear Industry. Hear from the Head of Risk in the Nuclear Police and gain a fascinating insight into risk and mitigation in a high profile sector.
- Back by popular demand....auditing financial systems!! Get involved in an interactive workshop and be sure to take away some top tips to take back to your organisations.
- Neurodiversity in the workplace – explore how we as auditors need to be adapting our auditing techniques to support and empower neurodiversity employees.
