Recommendations

Identify a lead champion of cybersecurity

To promote awareness, ask difficult questions and highlight parts of the organisation most at risk in terms of culture and practice

Commission external tests of your resilience to cyberattack

Train staff

Develop emergency response plan

“The local government sector needs persistence and determination to tackle cybercrime”
Robin Tuddenham, Director of communities & service support, Calderdale council
and Deputy spokesperson for civil resilience and community safety, SOLACE

Enhancing Counter Fraud Development

- Most significant issues:

1. Capacity
2. Effective fraud risk management
3. Better data sharing

“Rather than taking the approach of managing decline, councils have innovated, collaborated and prioritised in order to protect vital services.”

- Task and Finish Approach

2017/18 Regional CF Work Programme

Greater Manchester and North West Counter Fraud Sub Group Mission Statement:

To develop practical solutions to mitigate current and emerging fraud risks in accordance with professional best practice and organisational need. Teams collaborate with regional colleagues, including other counter fraud groups and practitioners, in order to respond sector related change and challenges.

2017/18 Work Programme Objectives:

- Reflect the emerging fraud risks/ approach set out in the CIPFA Fighting Fraud and Corruption Locally (FFCL) Strategy, with a rolling programme of 10 outputs
- Focus on key emerging risk as part of a 2-3 year rolling work programme in line with CIPFA FFCL 2019 Vision
- Develop a counter fraud hub response to reflect local needs / develop regional collaboration, which leads to measureable benefits / real money out
- Support national and professional best practice development

Agreed Delivery Methods:

- The group will deliver its workflows in a cost effective way with minimum meetings by utilising alternative methods of working.
- All meetings will be in the form of topical workshops with defined outcomes for participants to share with their organisations, using a template do ensure consistency
- Workshops / conference calls will be chaired by a suitable member of the Chief Audit Executives' Group (CAEG) or nominated representative.
- Workshops to be held in AGMA locations to maximise attendance.
- Actions arising to be agreed with the participants and captured by the Chair, who will ensure there is effective communication to the CAEG.

Output Objectives:

- Practical solutions for authorities to respond to fraud risks.
- Methods to share data, information and lessons learned and awareness of key contacts, a pooled regional resource of expertise in anti-fraud work
- Improved and consistent awareness of fraud-related risks, national standards and initiatives
- Improved techniques in counter fraud work
- Enhanced assurances for participating authorities

Output is a Regional Counter Fraud Hub Response to Risks /Fraud Types

Regional Response to Counter Fraud 2017/18 High Level Achievements

- Work Programme:
 - On target for completion
 - Good participation and regional collaboration
- Counter Fraud Regional Contacts:
 - Lead regional contacts for key business risks/areas
 - Central repository (Egress)
- Task 1 Workshop held on 9th August 2017
- Focus on Business Rates

Regional Response to Counter Fraud

Workshop 1: High Level Achievements

- Effective Joint Working Oldham, Stockport & Salford
- Good turnout, participation & feedback
- Led to action at Oldham and elsewhere
- Lively Group discussions, supported by Practitioners
- Sound Case Studies from the Region
- Data Sharing Pilot
- Further work planned

Regional Response to Counter Fraud

Workshop 1 – Regional Response

- Data Analysis:
 - Focus on Business Rates – good VFM?:
 - 70.0% concluded where discount corrected
 - £545,278 overpayments generated by CF/IA Investigations
 - 81% (£439,278) comprised 1 x LA pursuit of a specific case
- Exercises to minimise Business Rates misuse vary
- Proactive Approach seems to lead to results:
 - conduct targeted intermittent occupation visits
 - review monthly full list to ensure relief are correct
 - proactively review 6 week occupational cases, visit where necessary
 - review SBRR list, ensure relief granted is appropriate per occupation
 - checks for Charitable Relief & Charity Numbers

Regional Response to Counter Fraud CIPFA “Strategic Response”

- 3 Principles:

- ❑ **Acknowledge:** acknowledging and understanding fraud risks and committing support and resource to tackling fraud in order to maintain a robust anti-fraud response.
- ❑ **Prevent:** preventing and detecting more fraud by making better use of information and technology, enhancing fraud controls and processes and developing a more effective anti-fraud culture.
- ❑ **Pursue:** punishing fraudsters and recovering losses by prioritising the use of civil sanctions, developing capability and capacity to investigate fraudsters and developing a more collaborative and supportive law enforcement response

Regional Response to Counter Fraud “Acknowledge”

- BR Data Review, including evaluation of empty rates, charitable relief and SBRR
- Potential capacity issues assisted by joint working with the business
- Fraud risk assessment to identify high risk areas and focus resources on these areas.
- Acknowledge the risk by creating a Counter Fraud Team, consisting of suitably qualified and experienced Counter Fraud staff, e.g. PINS qualified
- Constitution to set out clear responsibilities for key documents and for fraud awareness
- Senior Management Team to ensure that all staff within their respective services are aware of and comply with the Anti- Fraud, Bribery and Corruption Strategies
- Fraud, Bribery & Corruption Response Plan/Procedures, Whistle Blowing Policy available to all
- Contractors/third parties informed about the policies and procedures
- Members and employees are aware of need to disclosure of gifts, hospitality, business, conflicts of interest and organisational response is clear
- Fraud risks included in Corporate Risk Register

Regional Response to Counter Fraud “Prevent”

- Effective use of data matching and sharing; e.g. IDEA for the region?
- Interrogation packages to identify potential irregularities; e.g. duplicate payments Participates in the NFI data matching exercise
- Extract and review monthly business rate liability report in order to determine risks
- Develop audit/control reports following investigations
- Incorporate fraud risks and controls when completing reviews
- Constitution to promote an anti-fraud culture by:
 - publicising anti-fraud issues, led and supported by senior managers
 - managers responsible for promoting anti-fraud culture within their service area
 - adopt a zero tolerance approach to fraud, bribery and corruption
- Incorporate appropriate anti-corruption/bribery clauses in contracts
- Employees to be informed and trained on policies and procedures for their role
- Recruitment vetting to establish the previous record of potential employees
- Annual fraud awareness campaign and effective publicity

Regional Response to Counter Fraud “Pursue”

- BR cases can take time via courts:
- Resources assigned by developing a risk based approach to business rates data
- Facilitates targeting avoidance schemes that will yield a return
- Effective collaboration, including:
- Partner with others to prevent and detect fraud; e.g. data sharing, NFI
- Collaborate with regional colleagues, DWP
- Effective, professional relationship with the Police to collaborate on cases
- Joint working with in-house colleagues; e.g. Legal Services, Trading Standards
- Determine appropriate action against fraudsters; e.g. prosecutions and recoveries loses
- Balance all potential risks; e.g. reputational
- Continuously develop the CF Team’s knowledge and skills in respect of legislation/intelligence gathering; via learning/research
- Consider professional qualifications; e.g. Accredited Counter Fraud Specialist status

Regional Response to Counter Fraud

Regional Response: Next Steps

- Continuously Review 2017/18 Work Programme
- Collaboration is key
- Outcome Based Regional Outcomes
- Align to Regional Training Requirements:
 - CIPFA NW Risk & Governance Group
- Develop 2018/19 Work Programme
- Feedback to NW CAE
- Thank you for your Support

Fraud risks and business rates

Local authorities should be identifying and assessing all significant fraud risks and deciding on the most effective use of their resources

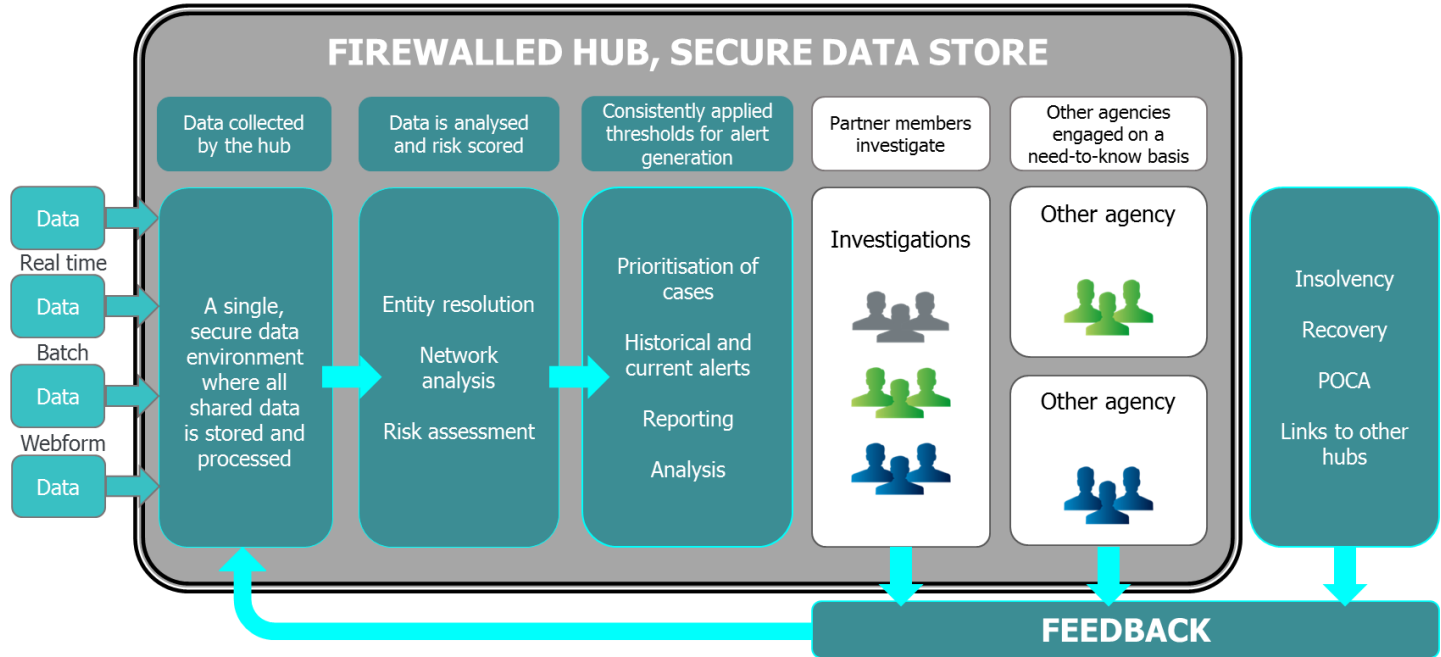

Post-SFIS opportunity to move beyond CTS / SPD focus and look at a corporate approach to counter fraud work – work more closely with internal and external partners

Why look at business rates?

- Business rates consistently seen as a “top five” fraud risk
- Business rates retention increases the incentive to identify fraud, avoidance and error
- Most LA / counter fraud staff lack experience in this area
- Most LAs have seen reductions in Visiting Officer resources
- Not an area where data analysis has been widely used
- Scope to do both internal and external data matching

Key points

1. Innovation is as important in fighting fraud as any area of council activity to keep ahead of fraudsters
2. Detecting the undetected & high value frauds demonstrates value for money.
3. Fraud knows no boundary: collaborate and share through Hubs.
