# The network offer

The CIPFA Procurement & Commissioning Network (CPCN) has been established for over 21 years. As one of the leading networks available to public sector procurement and commissioning practitioners, it will support you and your organisation with current and future procurement challenges.

CPCN will help you with your daily procurement queries, offer expert practical support to navigate complex and changing procurement regulations, facilitate compliant tendering and keep you up to date with best practice. CPCN also offers a wide range of interactive webinars and special face-to-face themed events at various regional venues, as well as our 'Introduction to Essentials' events, which can also be delivered as tailored webinars, at special discounted rates for subscribers.

The role of procurement and commissioning is evolving at pace, with a comprehensive overhaul of procurement legislation expected soon, the CPCN will ensure that you stay informed and adequately skilled to face the future with confidence.

The CPCN website contains detailed guidance, toolkits, webinar recordings, briefing notes and templates, as well as documentation written to accompany events on topics of current interest, which can be downloaded free of charge by subscribers. Our e-alert service and newsletters, provided to over 130 members, contains all the information and analysis on the latest regulation, policy notes and case law. No other organisation provides such a comprehensive, one-stop shop for everyone involved in public sector procurement and commissioning.

If you would like further information about the benefits of subscribing to the CPCN, please contact [Mohamed Hans](#) who will be delighted to assist you.

## What our members say

“I thought the format of the event was brilliant, involving different specialists who all offered 'on the ground', practical advice. I really enjoyed the event and look forward to the next one I can attend. More of this type of event - practical and relevant to current procurement - would be great to see.”

## What our members say

For the past couple of years, I have decided to invest in specific training for my procurement team and this commitment is best placed with CIPFA. The training received has been excellent and the diversity of the training available far outweighs that of any other current provider in my opinion. The learning outcomes have certainly improved my team's confidence and productivity which in turn has raised the profile of the team within the authority.
