

APPENDIX A

IFRSs with limited application to local authorities

A.1 INTRODUCTION

- A.1.1** A small number of IFRSs are only expected to apply to local authorities in limited circumstances. As such, the Code does not include detailed accounting requirements for these IFRSs. Where an IFRS is relevant to a local authority, the authority shall comply with the requirements of the relevant IFRS. The standards not covered in detail in the Code are:
- A.1.2** IAS 12 *Income Taxes* (as amended 2016), SIC 25 *Income Taxes – Changes in the Tax Status of an Entity or its Shareholders* and IFRIC 23 *Uncertainty over Income Tax Treatments* relate to taxes on an entity's income (for example, corporation tax). They do not relate to accounting for VAT, council tax or non-domestic rates, which are covered elsewhere in the Code. IAS 12 is not expected to be relevant to an authority's single entity financial statements. Group entities will account for their own tax; however, a consolidation adjustment may be required in the group accounts where group entities have accounted for tax under UK GAAP. This standard was amended in December 2010 by *Deferred Tax: Recovery of Underlying Assets (Amendments to IAS 12)*.
- A.1.3** IAS 21 *The Effects of Changes in Foreign Exchange Rates* relates to accounting for exchange rates and exchange rate movements. IFRIC 22 *Foreign Currency Transactions and Advance Consideration* provides clarification of the application of IAS 21. IPSAS 4 provides additional guidance for the public sector. Where local authorities have foreign currency transactions, they shall use the spot exchange rate at the date of the transaction to record the transaction in pounds sterling. For more complex foreign currency transactions, authorities shall refer to IAS 21.
- A.1.4** IAS 29 *Financial Reporting in Hyperinflationary Economies* and IFRIC 7 *Applying the Restatement Approach under IAS 29* relate to financial reporting in hyperinflationary economies. IPSAS 10 provides additional guidance for the public sector. These standards are not expected to be relevant to local authorities.
- A.1.5** IAS 41 *Agriculture* sets out the accounting requirements for agricultural activities undertaken for commercial gain. IPSAS 27 provides additional guidance for the public sector. Biological assets that are not held for agricultural activity (eg trees in public parks, police horses and police dogs, and the management of biological assets held for research,

experimental and public recreation purposes, including breeding for the preservation of species and raising in game parks and zoos) are not subject to the requirements of IAS 41. Where material, these assets shall be accounted for in accordance with IAS 16 *Property, Plant and Equipment*.

A1.6 IFRS 2 *Share-based Payment* sets out the accounting requirements for payments that are made by the transfer of equity instruments. IFRS 2 will only apply to local authorities in the rare circumstance that they transfer shares or other equity instruments in a subsidiary or associate in return for goods or services received.

~~**A1.7** IFRS 4 *17 Insurance Contracts* specifies the financial reporting for insurance contracts by an entity that issues such contracts. The standard does not cover insurance contracts held by a policyholder. A number of transactions such as giving a financial guarantee and product or service warranties are outside the scope of IFRS 417.~~

~~**A1.8** IFRS 6 *Exploration for and Evaluation of Mineral Resources* specifies the accounting requirements for expenditure incurred while an entity is exploring for and evaluating mineral resources; it does not apply after the technical feasibility and commercial viability of extracting a mineral resource are demonstrable. This standard is not expected to be relevant to local authorities.~~

~~**A1.8** IFRS 17 *Insurance Contracts* specifies the financial reporting for insurance contracts by an entity that issues such contracts. The standard does not cover insurance contracts held by a policyholder. A number of transactions such as giving a financial guarantee and product or service warranties are outside the scope of IFRS 17.~~
