Financial governance and the impact of austerity

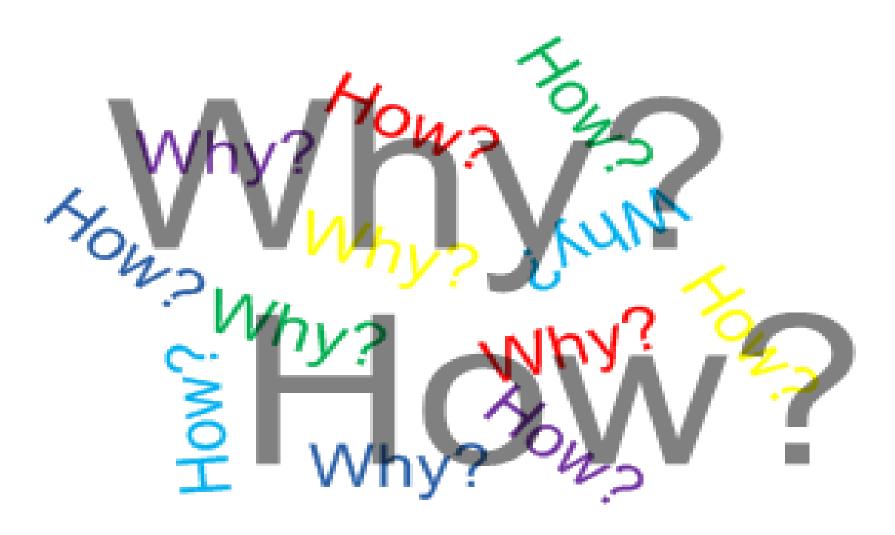

A preliminary study of Local Authorities in the South East

Laura Hardie

- Recommendations for future research
- Key Questions your views

Introduction

Introduction – Rationale for the research

Background – 2007/08 global economic crisis

Background – Impact since 2010 Spending Review

- Councils coping with less funding whilst demand for their services rise – leading to significant gaps in their budget.
- Growing budget gaps since majority of efficiency savings are exhausted and grant funding is depleting.
- Resulting in a monumental task for s.151 officers in setting an annual balanced budget (statutorily required) and consequently pressure on financial governance arrangements has become greater.

Background – Impact since 2010 Spending Review

 Additionally, Councils are becoming more resourceful to close growing budget gaps.

 Councils deploying more innovative, commercial and entrepreneurial approaches to generate additional income to continue to deliver key statutory services.

Background – Impact since 2010 Spending Review

- Therefore, traditional and rigid financial governance arrangements may be a barrier in enabling Councils to generate new income streams; and
- Council's current financial governance arrangements may not be robust or flexible enough to withstand the severe pressure of austerity measures on the sector.

Research aim

- To assess the effectiveness of financial governance arrangements in Local Authorities in the wake of the era of austerity.
- To assess whether governance arrangements have been flexible enough, to cope with Councils undertaking more commercialised activities to generate additional income to fund budget gaps, whilst providing a framework of robust control.

Research design

- Research design based on:
 - ➤ Prior NHS study by Prowle and Harradine (2014)
 - ➤ Local government financial governance frameworks

Research design

<u>Survey Questionnaire – split into 2 sections:</u>

- 1. What level do they agree that the authority conforms with the following key features of good financial governance (SA, A, D, SD, U)
- 2. What level of priority does the authority place on the following key aspects of sound financial governance arrangements (H/M/L)

Research design

<u>Survey Questionnaire – based on key themes of</u> good financial governance:

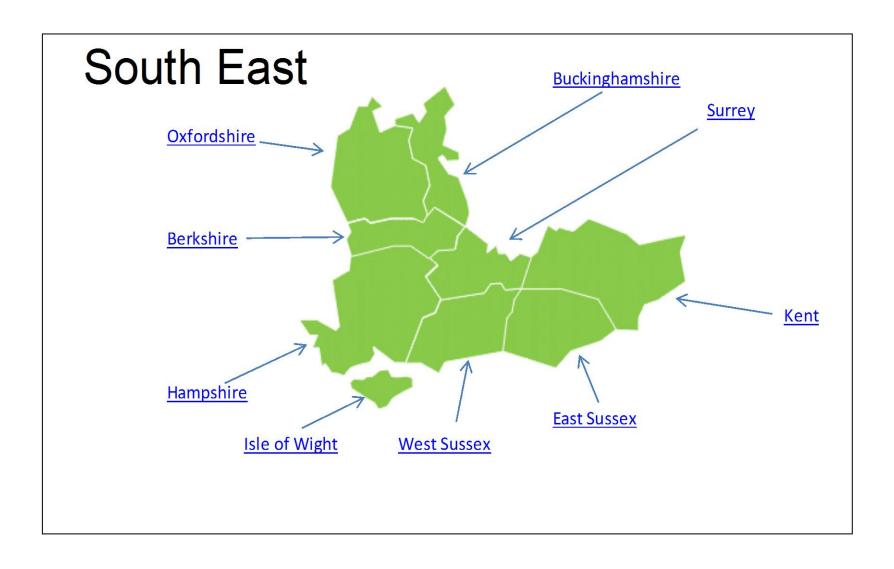

- Medium-term financial planning
- Budget arrangements
- Costing systems
- Risk management arrangements
- Audit
- Financial reporting and decision making
- The impact of Councils becoming innovative, entrepreneurial and commercialised

Research Scope

 This was a preliminary exploratory study based on local authorities located in the South East of England.

 There are 74 local authorities located in the South East from a total of 353 Councils in England, which is 21% of the total population.

Data collection

- 30% return rate
- 46 responses from 153 invitations to 74 Councils
- c.48% were the designated s.151 officer
- Return rate was much higher than prior NHS study in 2014 (c.12%)

Research findings

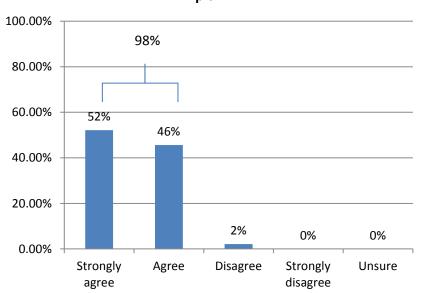

Overall findings:

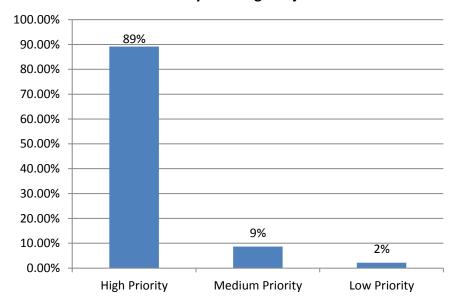

- Councils are committed to having effective financial governance arrangements in place – similar to the prior NHS study. This was reflected in both the high priority and level of conformance given to most of the key features of good financial governance
- Notably, local authorities responses were stronger in nearly all the key features of good financial governance, compared to the NHS study.

 Ranked as the highest priority and level of conformance of all the key features:

Q8. The authority's strategic objectives are underpinned by a robust medium-term financial plan.

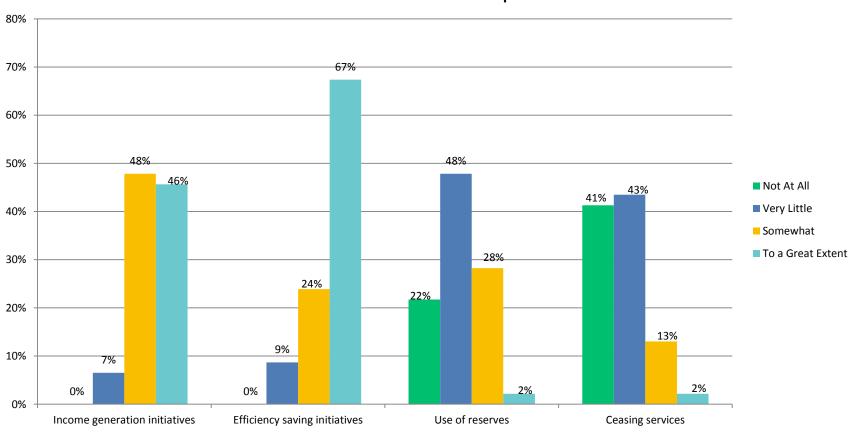

Q38. A medium-term financial plan which underpins the authority's strategic objectives.

Impact of austerity measures (if any) on MTFP?

- 'Tremendous impact'
- 'Continued savings requirements year on year since 2010. Becoming more difficult each year'
- Highlighted the need to find alternative funding sources – since most of the efficiency savings are now exhausted and reductions in grant funding continues.

Q17. To what extent has your authority used the following measures in setting the most recent budget and medium-term financial plan:

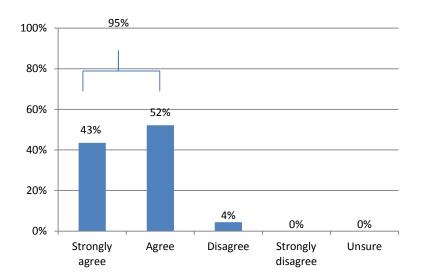

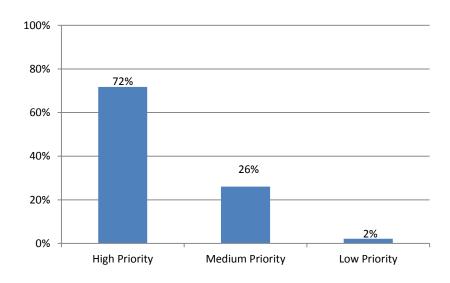

- 'We are now having to explore income generation in ways that people who came into this sector more than 5 years ago never dreamed of...'
- '£8m of...grant lost in the last 6 years. Needing to find money from other sources to keep services going.'
- 'No reliance on government funding has meant more commercialism.'

Budget arrangements – Budget alignment to strategic objectives

Q11. The authority's budget setting process is aligned to ensure it supports the delivery of its strategic objectives.

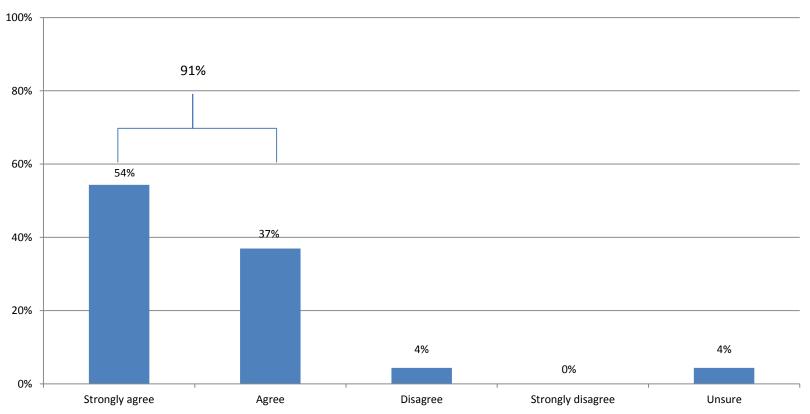

Q40. A budget setting process which supports the achievement of the strategic objectives.

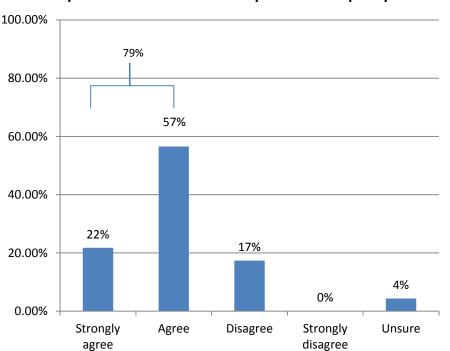

Budget arrangements – Budget alignment to management/organisational structure

Q12. The budget has been constructed in line with the authority's management/organisational structure.

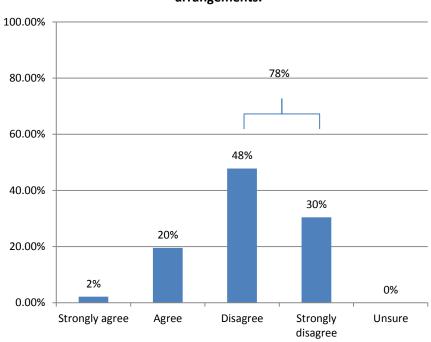

Budget arrangements – Budget alignment to service delivery, quality and accountability

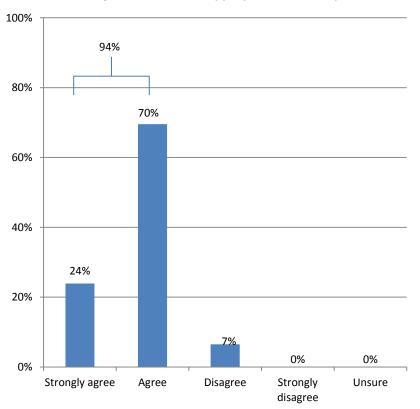

Q15. For budget holders in the authority, there is a clear link between their allocated budget and expectations of service delivery and service quality.

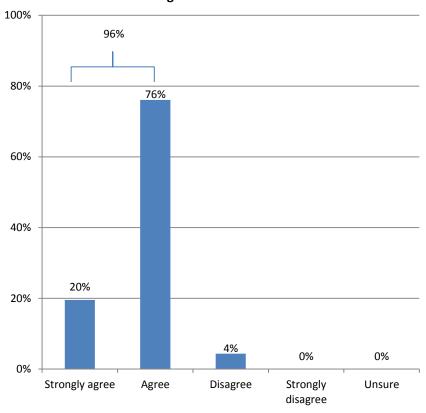

Q13. Within the authority, there are some remaining areas where financial responsibility and accountability are not sufficiently clarified through the budget arrangements.

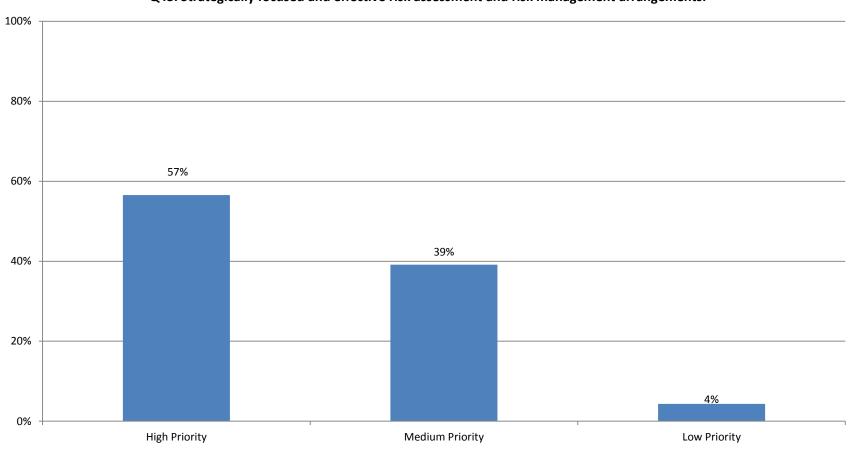

Q21. The authority's approach to risk assessment (including financial risk) is appropriate and adequate.

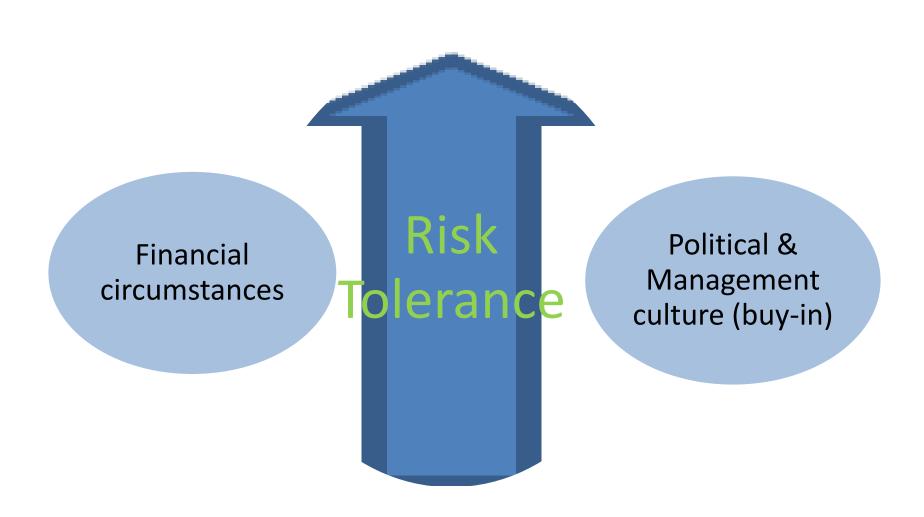

Q23. The authority has effective arrangements in place to manage the risks it identifies.

Q43. Strategically focused and effective risk assessment and risk management arrangements.

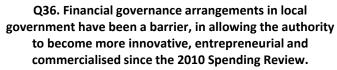

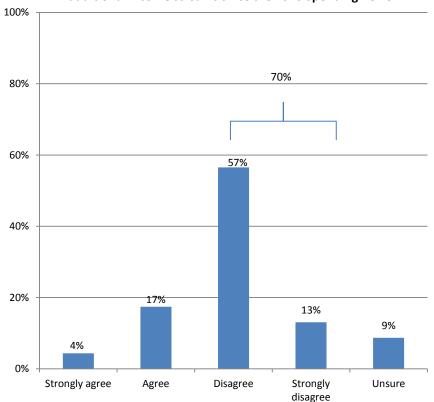

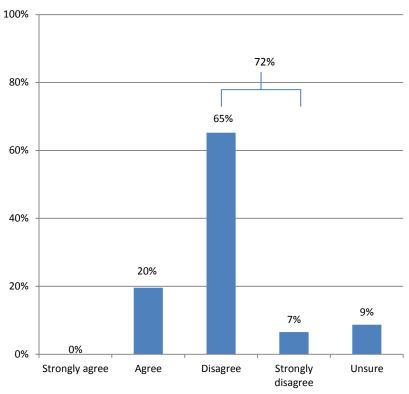

'Risk management has become much more sophisticated since 2010.'

Q34. Financial governance arrangements in local government have been a barrier, in allowing the authority to generate additional income streams since the 2010 Spending Review.

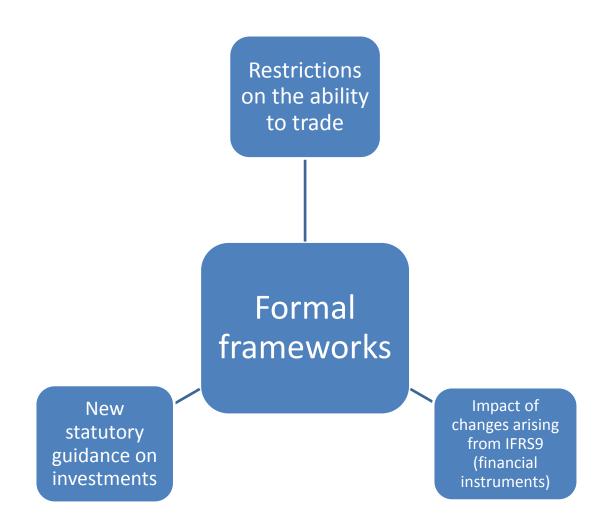

- Financial governance arrangements don't stop local government doing things but assist... in making informed decisions and understanding the risks.'
- In times of austerity, strong financial governance is essential to ensure that potential ideas are sustainable and in line with financial regulations.'

Lack of
'acceptance of
risk' resulting
in Councils
'remaining risk
adverse'

Common potential barriers

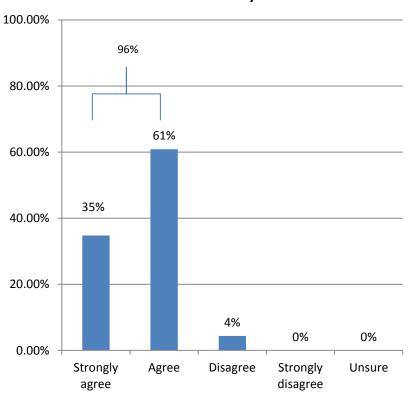

Internal governance processes and political decision making

Lack of skills and experience

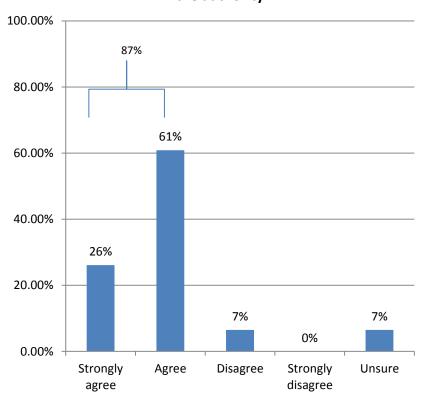

Audit

Q24. An effective internal audit service is in place in the authority.

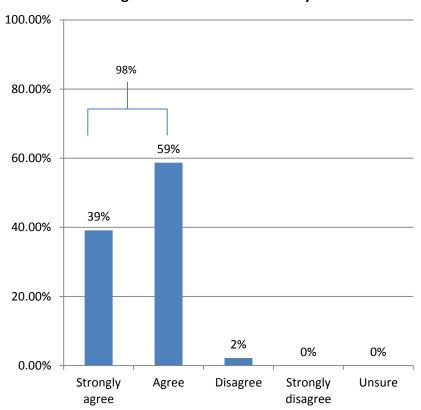

Q27. An effective external audit service is in place in the authority.

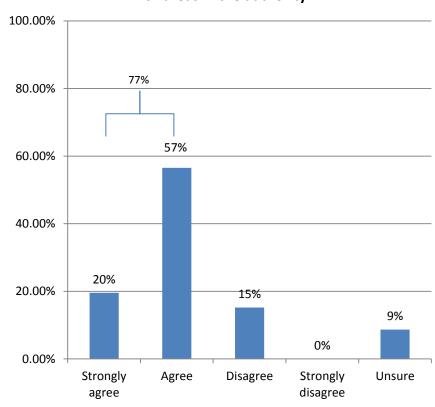

Audit

Q25. Internal audit services are targeted at the high risk areas in the authority.

Q28. External audit services are targeted at the high risk areas in the authority.

Conclusions

Effective Financial Governance

Recommendations for future research

Identified a strong need to generate additional income to balance their budgets

Why?
What is the reason for this?
Is this being experienced more widely in D&Bs across the UK?

District & Borough's

Identified weaknesses regarding the alignment of budgets to clear expectations of service performance and financial responsibility.

Why?
Is it the result of more organisational change than other Councils?

Recommendations for future research

63%

Effective arrangements for

96%

Recommendations for future research

Key Questions – Your Views

- 1. What do you think some of the reasons are for the key findings?
 - a) Why are D&Bs feeling a greater need to generate additional income to balance their budget compared to other types of Councils?
 - b) Why are D&Bs identifying more weaknesses regarding the alignment of budgets to clear expectations of service performance and financial responsibility compared to other types of Councils?
 - c) What do you think the reason is for the sector divide in responses to having effective risk management arrangements? (i.e. 63% NHS vs. 96% LG)
