

Retired Members' Event – 25 April 2017

Nine members of the group enjoyed a tour of Farnborough Airport on 25 April last, on a sunny and clear day.

Included in the tour was a full drive of the airport, a look inside the hangars and a trip to the control tower which offers spectacular panoramic views of the airport and surrounding areas.

The tour guide explained the history of the airport as well as its current operations and future plans.

After the morning business, we adjourned to a local restaurant to enjoy a convivial lunch before travelling home.

The next event will be a trip to Royal Windsor on Tuesday 17 October 2017.
