

Retired Members event – 4 October 2016

A sunny morning greeted the 30 retired members who enjoyed a tour of St Paul's Cathedral on Tuesday 4 October.

St Paul's Cathedral is the cathedral church of the diocese of London and the masterpiece in Portland stone of Sir Christopher Wren. The architectural interest of St Paul's is a brilliant marriage between Gothic structure and Classical Renaissance presentation.

The next excursion will be to Farnborough Airport next Spring.
