The network offer

The CIPFA Pensions Network has been established for over ten years. Our experience and commitment to providing a high quality, professional service with the latest support, guidance and insightful events. We help navigate Pension Funds, Administering Bodies and Employers through the challenges faced in the industry.

The CPN offers a wide range of tailored face-to-face events at regional venues all over the UK. Our expert support and guidance is focused on all aspects of Pensions accounting, Administration and Governance.

The CPN is committed to providing public bodies with the tools to be at the forefront of best practice and innovation in the sector. Our aim this year is to focus on key topics facing the sector, such as the impacts of new regulation, climate change and the results of the tri-annual actuarial review. We provide members up-to-date information on the latest trends, opportunities and technology.

As part of your membership you will have access to the latest detailed guidance and regular updates on current events and topics to keep you at the forefront of new developments. With over 650 members signed up to our e-alerts service, keeping on-top of the latest updates to legislation will be made easy.

The CPN newsletter provides the latest updates and current interests in Pensions, details of relevant events and conferences and keeping you alert to the key CIPFA and Government consultations. On-top of all this, the network will provide access to webinars and our monthly informative economic update from an expert economist.

For those with specific questions, our advisors are on hand to help. If you would like further information about the benefits of subscribing to the CPN, please contact any member of our highly skilled and dedicated advisory team.

What our members say

“The event was well pitched and I felt relevant to someone like myself who was on a bit of a fact finding mission. The event itself was very well organised and provided a good opportunity to network with other local authorities.”

“As always, a well organised and presented event, excellent speakers and content. These workshops are way above that of other professional organisations. The subjects are timely – moving to the pace of change within the public sector and other organisations.”

Programme of events

Our planned headline events below are complemented by alerts and briefings, monthly newsletters and dedicated advisor support for practitioners in subscribing organisations. Prepaid places can be used to attend any events set out in this service plan.

New events may be added during the year and details of these, along with options for use of pre-paid places, will be confirmed as part of the event promotion materials, CPN newsletters and alerts.

CIPFA Essentials

Our 'Introduction to ...' Essentials programme is designed to help support those who may be new to the sector, or perhaps working in a new role, and may also benefit non-finance staff and elected Members. These interactive workshops are a great way to help develop knowledge and awareness of a specific service area and are proving increasingly popular with staff development programmes.
