

Highway Asset Management Planning (HAMP) Network

Your network membership 2021-2022

cipfa.org

The network offer

CIPFA Property is a trusted partner to public finance and highway professionals, to assist in the delivery of efficient and effective highways asset management.

The **Highways Asset Management Planning** (HAMP) Network delivered by our expert advisors and external specialists, supports highway practitioners to get to grips with the ever-changing environment in which they work.

The **Highways Asset Management Planning** (HAMP) Network enables you to:

- Keep up-to-date with key strategic initiatives and translate them into practical solutions that improve highways infrastructure management, delivery and maintenance.
- Learn from good practice elsewhere and make evidence-based decisions to improve the efficiency and effectiveness of your organisation.

The **HAMP** is essential for anyone involved with the construction and management of the highways network asset. These are very challenging times within the sector confronted with:

- **reduced budgets and pressures on revenue.** The public sector in general and local authorities in particular, were already under increasing financial pressure following more than a decade of austerity. To add to this there are the additional costs and losses in income arising from the COVID 19 pandemic. These and other pressures mean that highway authorities need to continue to pursue new and innovative approaches to the management and maintenance of the network.
- **climate emergency.** This is the year of COP 26 in Glasgow when the need to deliver zero carbon targets for councils and communities must go beyond promises to tangible changes on the ground. How can we deliver low-carbon but effective and efficient solutions to the management of the network?
- **post COVID economic recovery** and ensuring that highway authorities have the capacity and skills to bid for and quickly deliver the additional infrastructure investments that are available. There is an increasing expectation that the recovery should take the form of “green growth”. Highway authorities will need to demonstrate the positive impact that low-carbon construction and maintenance of infrastructure assets can have on local regeneration and social value for neighbourhoods and communities.
- **increasing need for partnership working.** What will be the Government’s response to the Procurement Green Paper consultation? Will the new legislation provide greater opportunities for collaboration and alliancing between highway authorities and service delivery partners?

How to join?

If you are interested in joining the HAMP or have any questions, please email hamp@cipfa.org or call CIPFA on 020 7543 5600.

Membership to the HAMP is by an annual subscription running from 1 October 2021 – 30 September 2022.

Existing HAMP members will be sent their renewal in August 2021 for the 2021/2022 membership year

All subscription prices have been frozen for 2021/2022

Public sector subscription prices for the HAMP

Level	Annual Subscription	Delegate places*
1	£1,125 + VAT	4
2	£1,645 + VAT	7
3	£1,945 + VAT	10
4	£2,345 + VAT	13

Private sector subscription prices for the HAMP

Level	Annual Subscription	Delegate places*
1	£1,495 + VAT	4
2	£2,495 + VAT	7
3	£3,295 + VAT	10

Features and benefits

The **Highways Asset Management Network (HAMP)** gives your organisation access to a wealth of benefits:

- **Attendance at HAMP events** including the CIPFA Housing Symposium/Property Conference 2022 using your pre-paid HAMP places
- **Technical advice** from expert advisors and the ability to ask questions of other network members via our team
- **Exclusive and member only access** to the [HAMP website and resources](#)
- **Timely updates** on highways network asset issues
- **Log on to 'My CIPFA' or register** at www.cipfa.org/register to access a wealth of subscriber content, book onto events and view your pre-paid account balance
- **Opportunities** for networking, career development and CPD
- **Putting you in control:** Pre-paid delegate places to each of the three series of **HAMP** events per subscription year which you can use when you like during the membership year to attend HAMP events in events in January, May & September
- **Cutting edge:** Access to the latest good practice from other members of the network – bringing you the latest bright ideas
- **On topic:** Our popular news updates and briefings – practically putting in context what is happening around the UK
- **Planning ahead:** Our thought pieces will provide you with a 'heads-up' on what is changing - so you can anticipate change and adapt in good time
- **Saving you time:** more practical tools, templates, processes and standards for you to take away and adapt in your organisation – to save you reinventing the wheel
- **Upskilling you:** bringing you up to date with the latest thinking and approaches for you to take back and implement.

What we will focus on over the membership year

The **HAMP** will hold regular events from our expert advisors and external speakers, complimented by online briefings and dedicated advisor support. All our events will be live webinars for the foreseeable future, we have had positive feedback from members, about the contact and quality of the webinars.

Prepaid places can be used to attend any events set out in this service plan.

With the continuing uncertainty surrounding the track of the COVID 19 pandemic and the emergence of new variants, we will not be prescriptive about the topic areas we will cover over this forthcoming membership year. In November, the UK will host COP 26 in Glasgow and with a positive engagement of the US Biden Administration we will see renewed global commitment to tackling the climate emergency.

We will respond to this and the ever-changing environment. Our subject areas will be selected to support you every step of the way in developing and delivering a strategic approach to the management of the network. One thing you can be sure of is that we will be keeping a close watch on;

- **The new legislative framework for public sector procurement** and the extent to which it will influence industry trends such as partnering and alliancing and what it means for more collaborative forms of project management
- **Government policy and infrastructure funding initiatives** to deliver a post-COVID green growth economic recovery that improves connectivity and levelling up
- **Changes to patterns of travel post COVID** – what is the future for public transport and modal shift as homeworking becomes the norm rather than the exception
- **The climate emergency and what it means for investment in the network.** The sale of new petrol and diesel cars will be banned by 2030. Will we be on track to put in place the electric vehicle charging infrastructure by then? Will the Government trust councils with the extra powers and resources they need to accelerate climate action and green recovery?
- **Modern technologies in the sector** – next generation surfacing, street lighting, asset management systems and equipment

Programme of events

HAMP Series 52 – January 2022 Webinar Dates for your Diary;

Monday 24th January 2022

Tuesday 25th January 2022

Thursday 27th January 2022

HAMP Series 53 – May 2022 Webinar Dates for your Diary;

Monday 9th May 2022

Tuesday 10th May 2022

Thursday 11th May 2022

HAMP Series 54 – September 2022 Webinar Dates for your Diary;

Monday 12th September 2022

Tuesday 13th September 2022

Thursday 14th September 2022

Further support from CIPFA Property

CIPFA Property Network's as well as the HAMP we also run other networks;

- **Property Training Network (PTN)** for property and highway colleagues of all levels of seniority and experience who are looking to develop and refresh their knowledge and skills in the management of a public sector land, buildings, highways and assets portfolio
- **Housing Advisory Network (HAN)** for housing finance and housing property colleagues working in local authorities with an HRA, who manage their own housing stock or who have an ALMO to deliver their housing services and housing associations
- **Strategic Assets Network (SAN)** for property colleagues involved in the strategic management of all public sector assets

Training

We can deliver bespoke training exclusively for your organisation either face to face or via a live webinar. In addition to the HAMP events we deliver sessions such as; Introduction to Asset Management, Introduction to Valuations and support colleagues to achieve a recognised accreditation with our popular Certificate in Asset Valuation and Diploma in Public Sector Asset Management.

Consultancy Support

Our team of experienced property professionals can undertake property reviews, corporate landlord strategy implementation and reviews, assist in the development, or review of asset management strategy and asset challenge reviews.

Surveys

We can support your Building Survey, Condition Survey and Fire Risk Assessment requirements through our team of experienced surveyors. We undertake onsite surveys and also drone surveys to survey inaccessible areas of buildings.

Software

CIPFA's Asset Manager.NET is a fully integrated finance and asset management package for both capital accounting and asset management, ensuring that your Asset Register and Property Database are compatible at all times. It is IFRS 16 compliant.

If you would like more information on any support CIPFA Property can offer please email:
