# The network offer

The CIPFA Finance Advisory Network (FAN) supports practitioners working in local government finance and accounting to address their current and future challenges.

FAN offers a wide range of workshops and network events to support practitioners in their roles, providing expert support and guidance, and centred on all aspects of best practice in public finance and accountancy.

As well as our 'open' events programme, our regular and ad-hoc workshops, including our 'Introduction to' Essentials workshops, can also be delivered on-site (webinar or face to face), at a special discounted rate for subscribers.

FAN aims to support public sector organisations in promoting good practice in financial management and reporting and ensuring practitioners are well informed and appropriately skilled to tackle the challenges they face. For those with specific accounting questions, our advisors are on hand to help and can be accessed via our generic email address ([FAN@cipfa.org](mailto:FAN@cipfa.org)). For technical accounting queries, we aim to respond within three working days, and we will inform you if it's likely to take much longer to consider the issue.

Subscribing to FAN also includes access, at no extra charge, to the Excel Collection Fund accounting models to help you in this complex area of local authority accounting, as well as regular updates on all emerging issues relating to the Collection Fund. FAN has also developed a business rates budget monitoring tool, which is also free to use for subscribers.

Our website contains the documentation written to accompany FAN open events such as Capital Hot Topics and our Accounts Closedown workshops, along with a variety of briefing notes and archive material from previous years, all of which can be downloaded free of charge by subscribers.

Our regular subscriber updates / newsletters keep you posted about changes to relevant accounting and financial reporting requirements, details of scheduled events and conferences, alerts on key CIPFA and Government consultations, and links to news stories that might be of interest to practitioners.

## [How to Join?](#)

# Further support

## **On-site delivery**

Most FAN workshops are available as an on-site delivery. Contact us for more information.

## **CIPFA Essentials**

Our '*Introduction to ...*' Essentials programme is designed to help support those who may be new to the sector, or perhaps working in a new role, and may also benefit non-finance staff and elected Members. These interactive workshops are a great way to help develop knowledge and awareness of a specific service area and are proving increasingly popular with staff development programmes.

## **Specialist support**

The FAN can offer local authorities help with collection fund closedown and reviews of their approach to collection fund accounting.

Please contact [Mark](#) for further information.
